In 1967 David Sainsbury wrote out a cheque for five pounds to establish the Gatsby Charitable Foundation. Lord Sainsbury has since given Gatsby more than £1 billion to distribute to charitable causes in fields he is passionate about, including neuroscience, plant science and public policy. More information can be found at www.gatsby.org.uk.

Gatsby Africa is the charitable company set-up to implement the foundation’s programmes in Africa. Our 120+ staff work from offices in Dar es Salaam, Mwanza, Iringa, Nairobi and London.
GATSBY’S WORK IN EAST AFRICA

Our mission is to work in partnership to catalyse and demonstrate sector transformation in East Africa. Whilst economies in East Africa have enjoyed high growth for more than a decade, the benefits of that growth have not been shared widely. With millions of young people joining the labour market each year and climate change adding further pressures, East Africa urgently needs economic transformation – growth with depth that will radically change economies, rapidly create jobs and offer large numbers of people pathways out of poverty.

We aim to support this by demonstrating how high-potential sectors can be transformed to benefit many hundreds of thousands of households for the long-term. We fund and implement programmes that look to catalyse and influence large-scale and lasting change in priority sectors. We also share what we are learning with others - such as governments and donors - who share our goals.

We are currently in a process of integrating our portfolio with our partners Msingi and Kenya Markets so that we will collectively work on six sectors across four countries in East Africa. This should enhance our learning, our ability to develop and share insights, as well as our ability to flexibly finance our sector work. The new integrated entity will also enable us to offer staff more opportunities to build their careers working across multiple sectors.

The sectors we work in are:

- **Agricultural Inputs**: Improving the livelihoods of smallholder farmers in Kenya and potentially the wider region, by creating equitable and affordable access, availability and information to high-quality agricultural inputs, extension services and good agricultural practices.

- **Aquaculture**: Investing in pioneering fish farms, business models for smaller scale operations and the environmental standards needed to help the regional aquaculture industry grow by around 15 times by 2030 while securing the sustainability of this growth.

- **Textiles & Apparel**: Developing a resilient, inclusive, environmentally and socially sound Textile and Apparel value chain in East Africa contributing to the creation of 150,000 jobs.

- **Forestry**: Building a vibrant commercial forestry sector, with new wood processing technologies and business models aiming to deliver widespread economic, social, and environmental benefits to millions of East African citizens.

- **Livestock**: Transforming Kenya into a leading global player with a modern, efficient, and climate-smart livestock sector that sustainably improves livelihoods for millions of pastoralists.

- **Water Services**: Taking a systemic approach to water services in Kenya, seeking to build efficient and climate-resilient water services that ensure affordable, accessible and safe, drinking water for the whole population.

In addition, Gatsby has been supporting work in the tea industry in Tanzania and Rwanda through our partner The Wood Foundation. These programmes are trialling new ownership structures and methods of supporting farmers that trigger domestic and foreign investment, demonstrating rapid increases in the profits of farmers and factories with benefits shared more equitably.
THE ROLE

The Thematic Advisor is part of a small team that oversees the development and delivery of GA’s portfolio of programmes across East Africa. He/she will support GA’s programmes implement appropriate strategies, monitoring plans and ways of working that incorporate cross-cutting themes into their work. These themes are likely to include inclusive and resilient growth, covering issues of gender, inclusiveness, environment, climate change, child labour, working conditions and risk.

The Thematic Advisor will engage with the learning team to ensure that thematic areas implemented within programmes are aligned to GA’s wider approach to these themes. They will also seek to capture lessons internally from good practice that can help to evolve an evidence base of how we apply these themes in practice to our work.

As an integral member of the Portfolio team, he/she will also have the opportunity to contribute to other areas of the team that is supporting the delivery of GA’s portfolio of programmes.
